

## Armadale Campus

The Armadale (Lauriston Girls School) campus retains the cool well due to the thick brick walls. However, after consecutive days of **over 35 degrees** the gym can become warmer and in this case WGC coaches will allow for extra drink breaks and if deemed necessary they will tailor activities appropriately.

Classes are not cancelled except for very rare circumstances, in which case the WGC Office will call or text parents directly, **by 7pm the previous day.**

## Glen Waverley Campus

The Glen Waverley (Wesley College) campus retains the cool well due to the thick brick walls. However, after consecutive days of **over 35 degrees** the gym can become warmer and in this case WGC coaches will allow for extra drink breaks and if deemed necessary they will tailor activities appropriately.

Classes are not cancelled except for very rare circumstances, in which case the WGC Office will call or text parents directly, **by 7pm the previous day.**

## Mt Waverley Campus

The Mt Waverley campus is installed with evaporative cooling as well as a fully air conditioned ballet area. It also has thick brick walls, and therefore retains the cool very well.

In addition, on days **over 35 degrees** WGC coaches will allow for extra drink breaks and if deemed necessary they will tailor activities appropriately.

Classes are not cancelled except for very rare circumstances, in which case the WGC Office will call or text parents directly, **by 7pm the previous day.**

## Narre Warren Campus

The Narre Warren (Fountain Gate Primary School) campus is installed with evaporative cooling throughout the gym. It also has thick brick walls, and therefore retains the cool very well.

In addition, on days **over 35 degrees** WGC coaches will allow for extra drink breaks and if deemed necessary they will tailor activities appropriately.

Classes are not cancelled except for very rare circumstances, in which case the WGC Office will call or text parents directly, **by 7pm the previous day.**
